

November 7, 2013

Julian Literacy Project Final Report

Kevin Ogden, superintendent of the Julian Union School District, provided The Rotary Club of Del Mar with an invoice for the purchase of the books specified in the grant. The invoice amount was greater than the amount of the grant. Our grant will cover \$1000 and the school district will pick up the remaining cost. Upon receipt of the invoice, a check for \$1000 was dispensed to the Julian Union School District. Upon receipt of the check, the books were ordered and have been received by the School. Twelve members of the Rotary Club of Del Mar will travel to Julian Elementary School on November 18, 2013 for a demonstration of the books and distribution of the first books in the series to students. We will also present an "honorary" check at that time for publicity purposes. Pictures from this trip will be posted on this site.

I believe this completes my obligation for this district grant. Thank you for allowing us to do this great work.

Sincerely,
Janice Kurth
