Dear Ciara:

On behalf of the Rotary Club of White Plains Club and our Foundation, I am pleased to present Feeding Westchester with a donation of \$3,000, enclosed. We appreciate the wonderful work of Feeding Westchester in addressing food insecurity in our area. You are making a huge difference and we are proud to participate with you.

Our contribution is partially funded by a matching grant from Rotary District 7230 (which includes more than 40 clubs in Westchester, Manhattan, Bronx, Staten Island, and Bermuda). Rotary District matching grants are required to address one of Rotary's focus areas, one of which is protecting maternal and child health. The District grants committee also prefers grant proposals that include volunteer opportunities for Rotarians.

Our grant also included funding for a case of kids' hat and glove sets. We distributed 120 sets at a recent Feeding Westchester distribution at Post Road School in White Plains. If you go to White Plains Rotary Club's Facebook page, you can view a short video of the event and you'll see your truck in the background. We'll be giving out another 120 sets at an upcoming food distribution, probably at George Washington Elementary in White Plains.

We also hope to participate in a Feeding Westchester food repack or other volunteer event. Would you be able to arrange this? A weekend in the spring would be ideal, and we'd probably have around ten-fifteen volunteers. Libby Hollahan will follow up with you to see what is possible.

Again, thank you for the important work you are doing to keep Westchester families healthy.

Best wishes,

Daryl Moss, President
