Project Description

1. Briefly describe the project outcomes. What was done (in 100 words or less)? ***Amanda Hope Rainbow Angels was able to provide Comfy Cozy gifts and room decorations, in the transplant room, for 13 children who have just received cancer treatment and other life-threatening diseases. These decorations provided distraction and comfort as well as reducing anxiety, allowing the procedure the child is going through to have the best potential for success.***

When (dates) and where (city, state and country) did project activities take place?

From November 2023 through March 2024 in Phoenix, Arizona in the United States of America.

Who were the beneficiaries? ***The 13 children and their families that received the Comfy Cozy gifts and room decorations in their transplant room.***

2. How many Rotarians participated in the project? **5**
3. What did they do? Please give at least two examples. ***1) Assisted Amanda Hope Rainbow Kids through the District Grant process including securing funding, following through with Amanda Hope staff to ensure all funds were spent and receipts received. 2) Communicated with Amanda Hope staff to get their input on the outcome and impacts of the project.***
4. How many non-Rotarians benefited from this project? ***Amanda Hope families that receive the room decorations and Comfy Cozy gifts during the transplant process average a 4–6-person family typically, so Amanda Hope suggests 70 people benefited from the project.***
5. What are the expected long-term community impacts of the project? ***When children who receive cancer treatment or other life-threatening diseases are in a more comfortable environment, the success rate for the procedure increases. Additionally, whenever transplant rooms are decorated, it spreads the word to other cancer patients about Amanda Hope. They have a long-term community impact in the cancer community by word of mouth from the families that they have helped.***

6. If a cooperating organization was involved, what was its role? N/A
