Project Description

1. Briefly describe the project outcomes. What was done (in 100 words or less)? Please find a list of Rotary supported field trips with schools and school districts attached. We welcomed over 3000 students with field trips this year. The monies provided allowed students to attend that would otherwise be financially unable to.

Please find receipts attached for books and invoices that illustrate some of the field trip ticket supplemental support. The attachments are in excess of the \$7500 grant and demonstrate just a small amount of supplemented field trip tickets we offer. You will see on Christmas Carol alone that the discounted ticket support covered over \$7,000

When (dates) and where (city, state and country) did project activities take place?
Primarily - October – December 2023

Who were the beneficiaries? For many students a TheaterWorks field trip is their first exposure to theatre and the performing arts outside of their schools. We perceive many notes from students and teachers about the importance of these opportunities. Our Christmas Carol field trips for example, are often the perfect blending of what is being taught in the classroom and connecting it to art. Teachers share with us that students sometimes "don't get it" until they are able to see the words they've been reading in the book come to life on stage.

2. How many Rotarians participated in the project? Sun City Rotary Club members interacts behind the scenes with the Theater Works staff throughout the year keeping abreast with this youth service project.
3. What did they do? Please give at least two examples. [Click or tap here to enter text.](#)

4. How many non-Rotarians benefited from this project? Over 3000 students were able to participate in this program this school year.

5. What are the expected long-term community impacts of the project? Connecting students with the arts that normally isn't available to them. Long term outcomes could be far reaching as these students use these experiences in their lives.

6. If a cooperating organization was involved, what was its role? N/A
