

Clients love these pens

I have given out pens to clients for over 30 years. I used to get the S3-4 pens, and while clients liked those pens, they LOVE these pens. Due to Covid19, I make sure each client takes the pen home after signing. I am re-ordering after giving out even more than normal this season.

Quick, Easy and High Quality

I was looking for something quick and easy to be able to use my logo and get in a short period of time and you guys were able to not only meet but EXCEED all my expectations! I was very pleased with the speed at which the product arrived and the quality was well worth the price.
Super job!

Best writing pen in 17 years!

I have averaged buying over 8,000 pens a year from Amsterdam. I have purchased almost 100 different pens in those 17 years. I actually kept one of every pen in my collection. The **Ultima Softex Gel-Glide Stylus Pen** is by far the best pen yet. It is an unbelievable value and writes like it is moving by itself - incredible. Also the same comments has been repeated by the 25 plus so far I have given the pen to.
