"An Equal Opportunity Employer"

Dear Rotary International:

On behalf of the students and staff at Westside Elementary School in Powell, Wyoming, I would like to express our sincerest gratitude for encouraging the love of literacy among our student body with the Rotary Reading Program. With your support, we were able to motivate and celebrate students' continued reading over the long holiday break this school year. It was a pleasure collaborating with Judy Londo from our local Rotary chapter on this important project.

The program was an enormous success and our students were really excited to return their reading logs to school after a seventeen day winter vacation. **Twenty percent or 62 students participated and they read a total of 29,834 minutes on non-school days.** They increased their vocabulary, learned all sorts of interesting information, and were entertained by some favorite characters. The Rotary Reading Program clearly made a difference!

Again, many thanks and we look forward to partnering with you on future projects that serve the development of our young people.

Sincerely,

A handwritten signature in black ink that reads "Angela Woyak".
