Proje	Project Title: Rotary Nature Barn Enhancement								
Prog	jress repo	rt 🗌		Final report	XXX				
Pro	Project Description								
wh In Ioc	 Describe the project. What was done, when, and where did project activities take place? If this is a progress report, what remains to be done? In 1986, the Kearney Noon Rotary Club raised funds to build what is now known as the Rotary Nature Barn and is visited by local families during the summer months. (Memorial Day through Labor Day) There is no admission to enjoy the nature barn. We feel it is time to add some additional exhibits. 								
in p 201	After visiting with the Kearney Park and Recreation contact, it was agreed upon to order a clover leaf sandbox with corn kernels in place of the sand. The corn kernel sandbox is handicap accessible and has been placed inside the barn the first part of May 2015. There are small tractors in with the corn kernels. The Rotary Nature Barn opened for the season on Saturday, May 23, 2015. It is open Tuesday through Sunday, 10:00 a.m 6:00 p.m. Memorial Weekend through Labor Day Weekend.								
2. He	ow many j	people	benefited	d from this pro	ject?	3000 visit the Rotary Nature Barn every summer			
for	 3. Who were the beneficiaries, how were they impacted by this project, and what humanitarian need was met? The clover leaf sandbox filled with corn kernels will be enjoyed by many children of all ages. The small tractors will be fun for children to push around in the corn. The design of the sandbox allows for those in wheelchairs to enjoy the "hands on" exhibit. This new display at the nature barn fills both an educational and social need for those enjoying the sandbox.
