

## HASTINGS NEBRASKA SUNRISE ROTARY CLUB DISTRICT GRANT AFTER-ACTION REPORT 2014

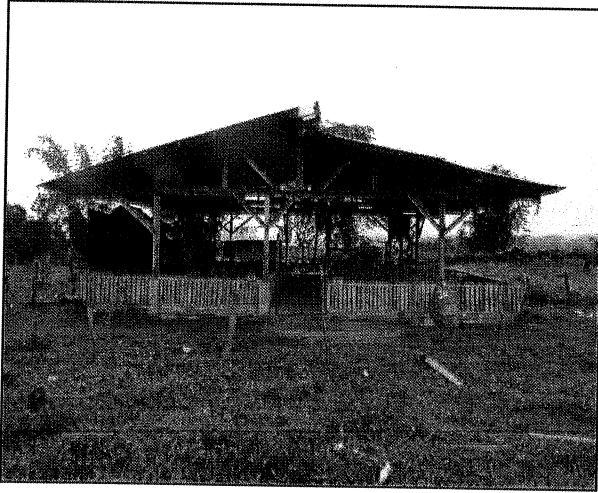

### 1. Brief recap of your grant project.

The first swine project facility was built in November 2013 and initially housed 2 sows which has reproduce more than 35 piglets in 2014. This project is expected to be self-sustaining and support other ongoing projects of the Foundation in three to four years' time. Also, as the number of our micro loan beneficiaries increases we recognize the need of expansion. The district grant we received from Hastings Nebraska Sunrise Rotary Club enabled us to purchase the materials needed to start with the expansion. The materials used are inexpensive such as bamboo and rice hulls. One important advantage of using this natural method is the absence of irritating odor and the pigs grow in a healthier and conducive environment. We invest on feeds made from natural ingredients, vitamins, and minerals. We provide the piglets with vitamins and since the province of Bukidnon is declared by the Department of Agriculture as a hog cholera free zone, we only give vaccinations to sows and boars. In the town of Talakag, BigHoop Charitable Institution is the first to have used this natural method in raising pigs. We are getting quite a number of positive feedbacks from our beneficiaries on the quality of the meat compared to hogs raised in a conventional method. The demand of meat as it contains lesser fat is increasing and this has encourage our micro loan beneficiaries to adopt the natural method we are using.

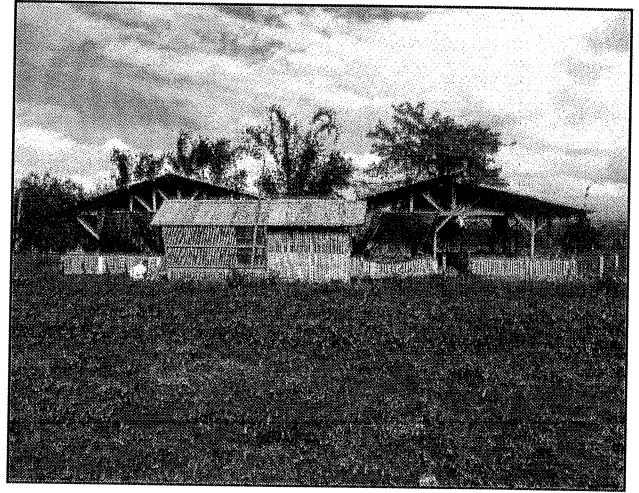

### 2. Assessment of its impact.

Our goal this year is to increase the number of sows to be able to accommodate the projected number of micro credit clients who wanted to avail piglets on their second loan cycle. This expansion will enable Project Kasaligan to provide and meet the demands of our low-income families. The monetary grant we received from Hastings Sunrise Rotary Club allowed us to purchase 4 additional gilts for raising. We are expecting these sows will start to breed soon. This project has great potential and through our Micro Credit program (*Project Kasaligan*), we can easily reach out to the poorest of the poor and offer them this wonderful opportunity to improve their means of livelihood

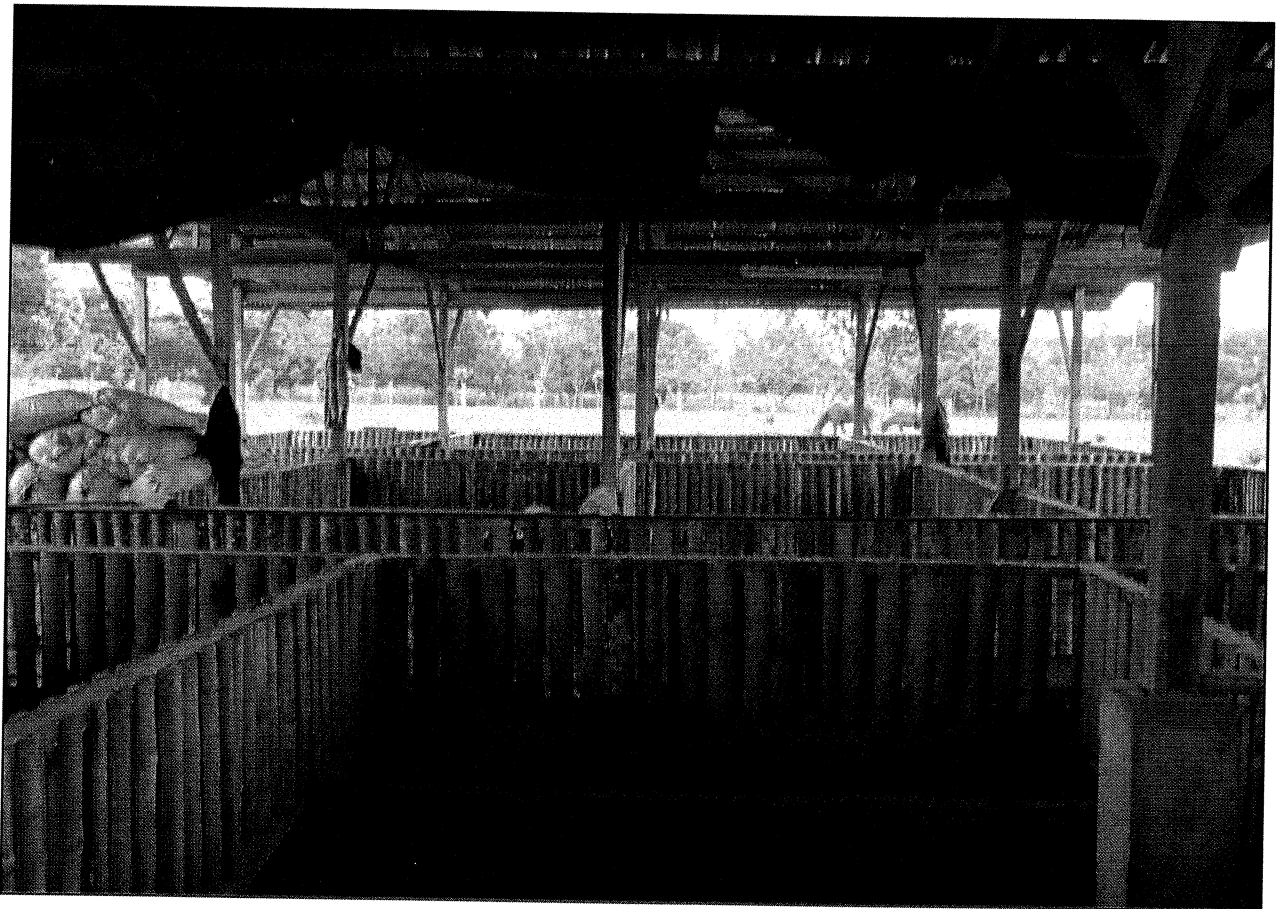

3. Send photos if they are available.

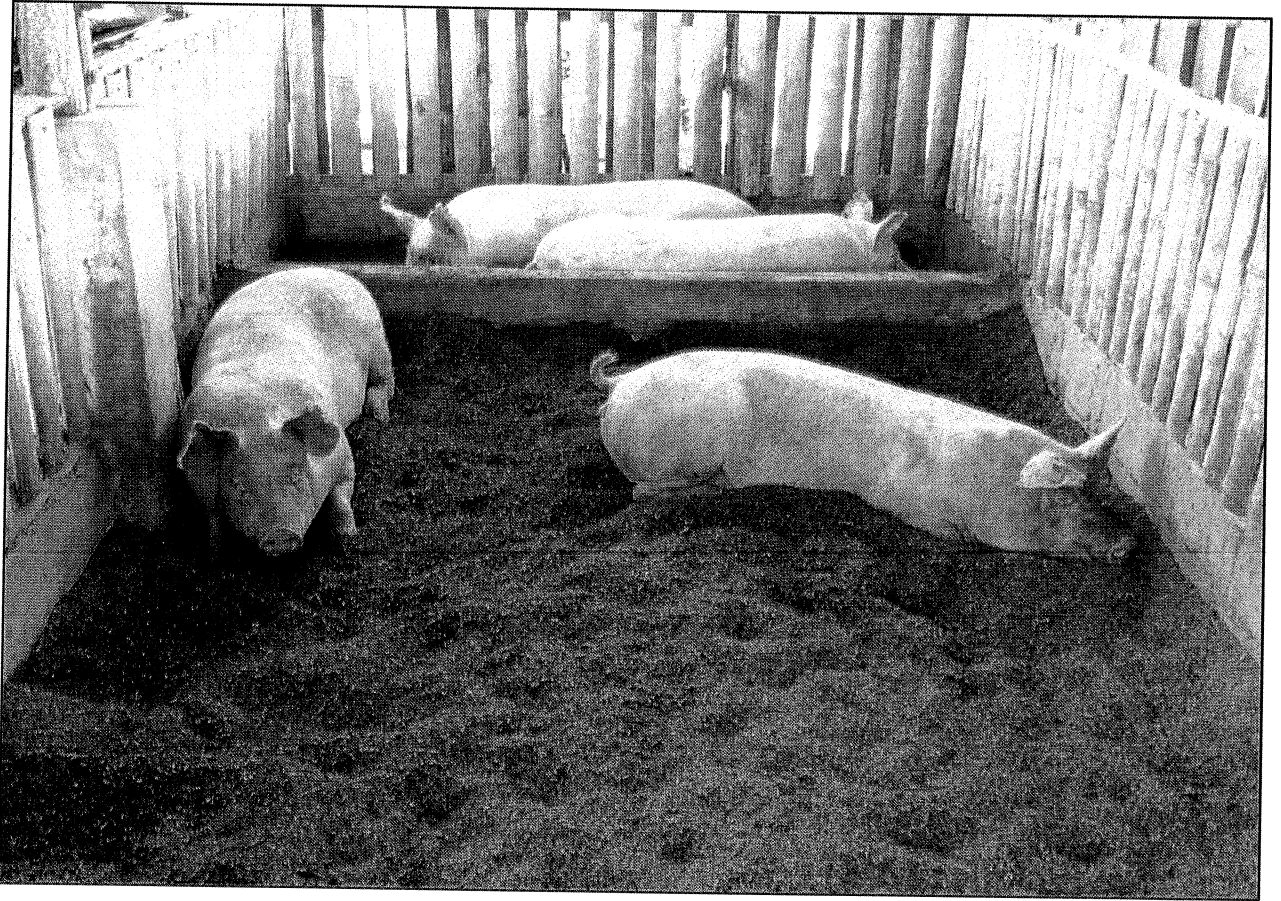

Before the expansion

Current swine project facility

4. Send copies of financial receipts showing how the funds were spent.

Send the report to: PDG Keith Hooper, Grants Chair, 23031 60 Road, Lebanon, KS 66952 or email to [keithri5670@yahoo.com](mailto:keithri5670@yahoo.com). If you have pictures, please use UPS in submitting your report.
