

St. Stephen's Hospital <mail@ststephenshospital.org> Jun 17

to me

Dear Bahauddin,

> Thank you very much for expressing the desire to do Clinical

>> Elective at St. Stephen's Hospital.

>> We normally have foreign medical students coming to our institution,

>> for their elective rotation in various specialties under supervision

>> of consultants. You will be observing and learning aspects of Indian

>> health-care and the health care system as it is operational in St

>> Stephen's Hospital under the supervision of Head of the Department during your visit.

>> We expect students to conduct histories and examine patients during

>> their clinical elective. If you opt for surgical speciality you would

>> also be taught how to scrub for surgery and assist in certain

>> procedures. You will not be paid any remuneration during the period.

>> However, you will be provided local hospitality of boarding and

>> lodging during your stay. The departmental heads will closely monitor

>> all the rotations and you will be allowed to participate in all the

>> departmental activities. This being a Christian institution they must

>> be aware that we expect those who come here for their elective to uphold the ideals of this hospital.

>>

>> You can opt any speciality according to your choice.

>>

>> We would request you to deposit £.225 when you come to India or in

>> our account in London towards accommodation and food in this hospital

>> up to three weeks and every additional week £.75. Please send your

>> cheque to "Friends of St Stephen's Hospital" C/o Dr Brian P Betts,

>> 68, Halkingcroft Langeley, Slough SL3 7AY, UK or you can pay when you come to our hospital.

> Kindly send me the exact dates of your elective so that I can send a confirmation

> Letter to you for your elective.

>> For further details you can browse our Website at

>> <http://ststephenshospital.org/>

>>

>> Yours sincerely,

>>

>>

>> Ms. Kalpana John
