

Breakdown of cost of Project Mercy house in Mexico:

Foundation slab	\$ 500
Lumber for construction	\$2925
Trusses (2)	\$ 160
Door	\$ 175
Windows (4)	\$ 340
Ladder and loft rail	\$ 140
Paint and primer	\$ 210
Electrical	\$ 150

Total \$4,600

As you can see the cost of the house is really \$4,600 currently, we simply honored the price quoted earlier in the year.

You all did a wonderful job, many thanks.

Paula Claussen  
President & CEO  
Project Mercy

The other costs mentioned were for gas, Mexican Car Insurance and drinks. There are not receipts available for these costs as individuals paid for them out of pocket and with cash. These costs were not factored into the proposal.
