4. Provide a brief (100 words or less) of lessons learned in implementing this grant and how this will improve future grant funded projects: This was our 2nd year with the team. They learned from their mistakes of last year. Most of the students are juniors and thinking about what colleges they want to attend. The only senior on the team was accepted to UC Santa Cruz. We know this is a known pathway to a college education for most of these students. Sports is still #1 at the school with Robotics being the best kept secret. More needs to be done to let the student body know this is available to them.
