

Teachers pushing to spark interest in science

One student is new to the country, another student speaks seven languages. English is not their first language. However, for these two students and 18 others selected, an interest in chemistry and science is what draws them into a classroom early on a Saturday morning.

Villa Park High chemistry teacher Linda Bartrom-Olsen, assisted by biology teacher Cody Hutchings, recently

convened the third annual English-as-a-second-language learners and interested parents, to introduce the concepts of chemistry and physics.

A number of the students attending will enter as freshmen at Villa Park next fall, but the majority are

ten students. Serrano is a part Orange County's Pacific Symphony Class Act program. Class Act is celebrating its 20th birthday year, with the music Bernstein and the theme "Sharing the Joy of Music." Class Act has been selected as one of the nine most exemplary music education programs in the United States by the League of American Orchestras and the National Endowment for the Arts.

The finale will be a special song the kindergartners will be singing for Bravo Assembly in June honoring Bernstein.

SUMMER SOCCER CAMP OPEN REGISTRATION

Registration for Pant Soccer Camp is open for levels of players, ages 5 to 12. The camp is hosted by Eddie Carrillo, the men's soccer coach at Chapman University and former coach at Orange High.

Three sessions are available.
