

District Grant Report

Rotary Club: San Clemente Sunrise Rotary

Project Title: Adopt A Class P 695

☒ Progress Report ☐ Final Report

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

Our Adopt A Class takes 3rd grade students from Las Palmas Elementary School out to sea on the Ocean Institute's RV Sea Explorer. The kids are educated on environmental practices, exposed to marine life such as various bird, sea Lions, dolphins and migrating whales. The kids dredge up bottom mud and sift through it to find what type of worms, crabs, crustaceans and other organisms are there.

2. How many Rotarians participated in the project?

The entire club participates by donations and riding with the kids to provide support and encouragement. The Rotarians gain personally.

3. What did they do? Please give at least two examples.

Making sure the kids are safely handled on the boat. Participating in mud exploration and providing guidance as needed.

4. How many non-Rotarians benefited from this project?

All of the students, teachers and parent chaperones benefit. Excellent unsolicited positive response from the adults and kids.

5. What are the expected long-term community impacts of the project?

Better community citizens. Better world citizens. Creating a generation of caring, responsible adults via the nurturing we provide.

6. If a cooperating organization was involved, what was its role?

N/A
