Families enrolled in WSA have limited income and are living well below the poverty level. Children in these families attend school with very few or no supplies and these children attend schools with less resources than other schools. 3. Provide a brief (100 words or less) of lessons learned in implementing this grant and how this will improve future grant funded projects:

.These small grants may seem insignificant to some and too small to make much of an impact. In the Southeast San Diego communities going to school with supplies and tools that will help you learn don't even make most families list because what limited financial means they may have are directed toward shelter, food and healthcare. These grants make a difference and our club is going to try to do more than 1 next year.

4. How has your Club or community been impacted by this grant? (Check all that apply)

- ☐ Involvement of Rotarians in our Club in humanitarian grants has increased.
☐ Our Club's international Rotary networks have been strengthened.
☐ Annual giving to the Rotary Foundation in our Club has increased.
☒ Club membership has increased.
☐ Our Club's awareness of the needs in our community has increased.
☒ Participation in a District Grant has not changed our Club in any significant way
☒ Others: **Members feel good about helping kids go back to school with supplies and tools they would not have had without our donation. It's another service project that keeps our club connected to the kids and community.**

5. Given your experience, please provide any suggestions you believe would improve District Grants and the process to receive and implement them.
No suggestions, the process is very easy.
