Rotary Club: Rotary Club of Laguna Beach

Project Title: Reading Comprehension

Progress Report Final Report

- Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?
Each Third Grade Student in Laguna Beach is given a dictionary as part of the Third Grade level reading comprehension program. For many of these children, this is their first real 'book'. The Dictionaries are marked with a Rotary decal by our Interact Club members, and the dictionaries are given out by hand by Rotaries and Interact members at each of the elementary schools in Laguna. 15 Chromebooks are to be permanently affixed with a Rotary decal reflecting its donation, and the tablets will be placed in a 3rd Grade Classroom for studies using the laptops,
- How many Rotarians participated in the project?
- What did they do? Please give at least two examples. The Dictionary Subcommittee selected and purchased dictionaries and transported them to Laguna Beach High School, where approximately 3 Interact Club members and 3 Rotarians unpacked, affixed Rotary decals to, and repacked the Dictionaries for distribution at the elementary schools. The Distribution Subcommittee arranged for visits to each of the four Elementary schools in Laguna the week of April 27. 4-5 Rotarians and Interact Members visited each campus to hand deliver the dictionaries to each individual student at an assembly of the third grade classes. The ChromeBook subcommittee met with Laguna Beach Unified School's IT department to discuss the ChromeBooks needed, review costs and specifications and intended application, and order the laptops. The Committee Chair, Club President and President Elect will make a presentation of the funds for the acquisition, made through the LBUSD (for volume discount pricing) to the School Board. When the Laptops are received, a permanent 'Donated by the Rotary Club of Laguna Beach' sticker will be affixed to each Laptop, and the Distribution Subcommittee will make arrangements for presentation of the donated Laptops to the designated classroom.
- How many non-Rotarians benefited from this project?
- What are the expected long-term community impacts of the project? The dictionaries and ChromeBooks afford a significant boost to the students learning and long-term learning and computer capabilities. The donated by Rotary stickers increase awareness of the Rotary Club as an active component for good within the community and gains attention to the club with parents of the affected students, as prospective members who are interested in service to the community and our schools and school children. Many of those benefitted would not otherwise have access to these resources.
- If a cooperating organization was involved, what was its role? n/a
