District Grant # 738 Individual Project Report # 1

To be completed by Rotarians. Return this form to your District.

Rotary Club: Burkburnett

Project Title: Community Garden

Progress Report  Final Report

## Project Description

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

We have identified a need for nutritious vegetables for our seniors and community residents. We have used a survey in conjunction with Burkburnett Grace Ministries and the Times Record News of Wichita Falls to create and teach long term gardening skills which in turn provide fresh vegetables and fruits for the community. This will be a long term commitment for our Rotary club as well as providing recognition for our upcoming Rotary Day.

The project funds will be matched and we are providing a water well, lumber for garden beds, fencing, and gardening tools. The land has already been secured in lower income neighborhood which is a very centralized location for all the residents. Rotary members will be involved in the construction, planning and ongoing physical assistance with this project.

Please Note, when we could not find water on the lots it was determined that the Gardens would be fenced and a large water tank would be brought in to allow water for the citizens to use. Grace Ministries then was asked to help with the fencing and it was agreed by the board that would happen. The fence has been delayed until the middle of June due to the rains and floods in North Texas. We have already paid Grace Ministries and will be assisting with the building of the beds as well as the leveling for the fence..

2. How many Rotarians participated in the project? 11

3. What did they do? Please give at least two examples.

Located and drilled for well water which did not produce water but rather oil.

Measured and place stakes for the building of the fence.

4. How many non-Rotarians benefited from this project? 10,000  
citizens of  
Burkburnett

5. What are the expected long-term community impacts of the project?

People will be able to grow vegetables for themselves and to donate to Grace Ministries our town's food pantry.

6. If a cooperating organization was involved, what was its role?

Grace Ministry secured the land in a partnership with the Providence Baptist Church.
