Testimonials:

"My wife and I have often discussed how [my son's] upper body strength and love of the water would make him a great candidate for kayaking, but our own inexperience has prevented us from making the plunge. It seemed like an overwhelming and potentially dangerous challenge based upon our limited knowledge, equipment, and skills.

We were supremely excited when we learned that some of the same people who worked to make the AWESOME Ski program such a success for our family were discussing a summer water sports program. The reality did not let us down..." – D.C., parent, regular visitor to the McCall area

"I was honored to have been a part of this program. The families, children and volunteers were so wonderful - it was just amazing to see everyone coming together and enjoying the water together." – M.S., parent, volunteer, & AWESOME! board member

"I am so thankful for the efforts of Awesome Summer program. It was wonderful for us. I enjoyed seeing the confidence and pride it gives our children. Without the AWESOME program my son would not have otherwise had the chance to learn kayaking skills and skiing skills. It has

been a dream come true for me to see my son get to do these great activities.” – B.W., McCall parent
