Rotary Foundation District Grant Final Report

Deadline for submission: May 15th (do not use this form for progress reports*, but follow the instructions at the end of this form)

Must be typed and filed electronically on: <http://www.matchinggrants.org/district/>

Grant Information (to be completed by Project Contact Person)

1. District Grant # (check website for #): **P-780** Name of Club: **Rigby**

2. Name of District Grant: **Computer for Schools**

3. Briefly describe your project (who did what, when and where did project activities take place?) in 100 words or less.
The grant was used to purchase 2 sets of 10 iPads, charging stations, language acquisition software as well as numerous education apps. The devices and language acquisition software will assist teachers in providing the youngest learners greater opportunities to improve in their phonemic awareness, vocabulary acquisition, comprehension and other reading skills. Other much needed educational apps for math and other classes were also purchased. The iPads and apps will be used at the two schools with the greatest need, and poorest demographics, Harwood and Roberts Elementary Schools. They have many students who do not speak English.

4. In one brief sentence: who were the beneficiaries of the grant activities and how many of them were there? **Students at Harwood (247) and Roberts Elementary (149) Schools, many from an economically disadvantaged background, are the beneficiaries (a total of 396 beneficiaries) and the iPads and software will benefit the schools and students for several years.**

5. How many Rotarians participated in the project? **19** Briefly tell what did.
The entire Club was actively involved in the discussion of submitting the Grant and deciding on the project. The Club also heard directly from the Deputy Director of the School Foundation who described the greatest needs of the District. The entire Club also approved the final use of the Funds. Club members, Lisa Sherick and Yvonne Thurber provided detailed advice to the Club on selecting the specific schools that would benefit from the computers and software and shared the demographics of the schools to determine which were the most unlikely to have the resources to raise the funds for them on their own. Lisa is the Superintendent of the District and Yvonne the Principal of the High School so their expertise was invaluable. Club members, Terrent Barber and Mike Byrne, also worked with the Foundation Board, which includes parents and administrators to gain insight from that perspective. Finally, Club President, Keith Hammon was very supportive of the entire project and personally arranged for the Club to get appropriate recognition in the Community. Attached, as a separate file in the

Documents section of the website, is the front page picture that was printed in the local paper due to Keith's efforts.

6. If a cooperating organization(s) other than the beneficiary was involved, what was its role?
The Jefferson School District Foundation's Executive Director, Deputy Director and Board of Directors helped us identify the recipients with the combined greatest need and the least resources to fulfill that need.
