Rail Project

1st City Rotary Members were at it again buffing, grinding and welding the rail to be installed at the Rotary Beach Stairs.

Members, Bruce King, Dick Miller, George Paisley, David Valentine and Chris Baca worked from about 9:00 to 3:30. 6 ½ hours times four members and one volunteer = 39 man hours. Additionally, Bruce had put in another 10 hours preparing and cutting pipe for today.

Wonderful banana bread prepared by Rebecca Valentine! And Steve Rydeen had gone to Starbucks and brought great coffee and pastries.
