to me

Hi Jacquie,

I apologize for getting back to you so late on this email. I have been traveling and not checking my school email in a while.

It is hard to give an exact price on what we spent in the art department. My best guess, between the cost that I know I spend on grout, tile glue, and tools, plus the cost of paints and additional items, would come out to around \$300. I do have receipts for the mosaic supplies but would need to backtrack with bookkeeper for paint receipts. Do you need a budget typed up or receipts? I am sorry that at this time I can not give you a more official report.

We had such an amazing time working on the project. Thank you so much for the opportunity. I am so excited to see the libraries throughout the community.

Alayne Tetor

Subject: RE: little libraries--amazing!

I'm glad you like them. The kids shared their hearts and created what I think is nothing short of AMAZING.

As for donation, I estimate that materials to be around \$400.00. I do not have receipts as I just made it happen. :) I know this does not help very much.

The gate is locked and unlocked at times. I do know that the City of Homer uses the greenhouse behind the school and they are in and out of the back all the time. There will be people in the front office for another two weeks. But I do not think you will have trouble getting to them.

I'm hitting the road to Colorado tomorrow. I have to "boogie" to my new job. Mercedes, please let folks know the kids love being part of the community and this project can be the start of something good. To many times all the kids hear and see is bad stuff splashed across the paper (about them). Sad. Homer is full of GREAT KIDS.

Talk later,

Cam
