Project Title: Kids Read at Osborn

Progress Report  Final Report

**Project Description**

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

This project had two elements. Kids Read encourages reading at an early age as a way to promote literacy and life-long learning. It combines reading aloud to 3rd grade students, often joined by their parents, combined with providing students a book of their own which they keep. Often this is one of very few books in the household.

2. How many Rotarians participated in the project? 7

3. What did they do? Please give at least two examples.

Read to students. Helped hand out books

4. How many non-Rotarians benefited from this project? the students

5. What are the expected long-term community impacts of the project?

If we can develop a habit of reading as something enjoyable an environment conducive to learning will also be developed. It has been established that children who develop reading skills at a young age will carry that into their further academic career and into their lives.

6. If a cooperating organization was involved, what was its role?
