Over the last several years, Ketchikan Rotary 2000 has had issues with the treasurer and the accounting. The treasurer was asked to step down in October 2015. The bookkeeping and records retention was basically non-existent so none of the invoices are available from that time frame. The club can access copies of checks through the financial institution but no detail exists. The club can provide the most recent invoices. The checks to Ketchikan Ready Mix were for the concrete for the ramp. The check to Fred Monrean was for rebar and other supplies to form up and pour the concrete. The check to Steve Boethiert was for payment to Global Supplies which is the ramp hardware. The check to Frist City Electric was for the rigid pipe used for the hand raits. The check to Schmolck was for hardfall caps for the rigid pipe. The detail we have will be uploaded to the system. Thank you.	
other supplies to form up and pour the concrete. The check to Steve Boehlert was for payment to Global Supplies which is the ramp hardware.
