Project Title: Jubilee Center Freezer

Progress report Final report

Project Description

1. Describe the project. What was done, when, and where did project activities take place? If this is a progress report, what remains to be done?

This grant provided two small freezers and one small refrigerator for the Jubilee Center. The Kearney Jubilee Center from time to time receives a large supply of items that need to be frozen in order to be preserved. The Executive Director picked out the items that best fit their needs and they were purchased through Menards who delivered them to the Center.

2. How many people benefited from this project? Approximately 88 Families each month.

3. Who were the beneficiaries, how were they impacted by this project, and what humanitarian need was met?

The beneficiaries are families and individuals who live in Kearney and the surrounding area who are struggling to stay in their own homes. It is often hard at the end of the month to make financial resources stretch to pay all the bills. The Jubilee Center's help with food makes it possible to pay the rent, utilities and other monthly bills.

4. How many Rotarians participated in the project? 3

5. What did they do? Please give at least two examples, not including financial support provided to the project.

Rotarians worked with the executive director who chose the appropriate appliances for the Center and worked with Menards to get those appliances delivered and paid for.

6. If a cooperating organization was involved, what was its role?

N/A
