Brief Project Description:

A day field trip through Sea Base Facilities in Newport Beach for second or third grade students to learn about marine life, boat structure, navigation, sail designs and bay organisms, Bay waters and rain waters, contamination and the oceanic marine cycle. The project was carried out last year P 571 and completed with satisfaction by all participants and praise for the learning experience of both second and third graders. Many of these students have never been close to the bay or exposed to the relationship between daily life, nature, rain and marine, bay and ocean life.

1. Project Start and Ending Dates:
(Projects may not begin prior to the District receiving approval from TRF. Reimbursements for earlier expenses are not eligible. Projects must be completed by the end of each Rotary year.)
