Raising money to  
promote reading &  
literacy.

**Lighting the Way to Literacy** is an Idaho Falls Rotary Club project that raises money to support local literacy efforts including District 91's One District, One Book program. The One District, One Book program provides a copy of a children's classic to every family in Idaho Falls School District 91. Families then are encouraged to read together because reading aloud to children provides a lifetime of benefits.
