Rotary Foundation District Grant Final Report

Deadline for submission: May 15th (do not use this form for progress reports*, but follow the instructions at the end of this form)

Must be typed and filed electronically on: <http://www.matchinggrants.org/district/>

Grant Information (to be completed by Project Contact Person)

1. District Grant #: **P-927** Name of Club: **Boise Metro Rotary**
2. Name of District Grant: **Rotary Greenbelt Rest Park**
3. Briefly describe your project (who did what, when and where did project activities take place?) in 100 words or less.

Boise Metro Rotary, along with many community partners, developed and has continued to maintain and expand the River Pointe Park in Garden City. The park needed new signage along with a new outdoor picnic table and trash receptacle. Boise Metro Rotary provided the picnic table, the trash receptacle, and installed 7 educational signs that cover the importance of the wetlands, the water and the habitat. The park is enjoyed by thousands of people across the valley for community gatherings, picnics, reading, reflection, and health related activities.

4. In one brief sentence: who were the beneficiaries of the grant activities and how many of them were there?
Over 75,000 people will access the park annually because the location is on the greenbelt, it is adjacent to the Garden City Library, and serves a high need community with fewer parks in the immediate area.
5. How many Rotarians participated in the project? **Over 35 Rotarians participated this project.** Briefly tell what did. **Rotarians arranged meetings with the community partners and local government, developed and managed the budget, facilitated decision making for the purchase of equipment with city leaders, designed and developed the educational signs, purchased the approved equipment and signs, managed the installation, communicated progress with the District leadership, and brought the project to close.**
6. If a cooperating organization(s) other than the beneficiary was involved, what was its role?
Garden City was involved as a city where the park is located and their staff parks staff installed the picnic table and the trash receptacle to meet city code ordinances; Chinden Gardeners Club installed plants and landscape items to support the habitat; and the Bee City USA Committee oversaw the plant purchase to ensure they continued to support the pollinators because Garden City is the first city in Idaho to be designated a Bee City in Idaho.
