

Application Information

Today's Date	November 19, 2015				
First Name:	MaKia	Last Name:	Perez		
Student ID or Last 4 digits of SSN:	866692				
Year in School this current fall semester:	Freshman				
Address:	4062 E 376 N				
City:	Rigby	State	Idaho	ZIP	83442
Home/Cell Phone #:	208-227-4758	Email:	peremaki@isu.edu		
High School	Rigby High School	Year of Graduation	2015		
High School Cumulative GPA:	3.98				
List any colleges/universities attended (include dates)	Idaho State University 2015 – present				
College/university Cumulative GPA:	3.5 (currently)				
Idaho College/University you will attend with full time status (12 or more credits) in 2015-2016:	Idaho State University				
Intended Bachelor Degree Major:	Pre-Pharmacy	Minor (if none, N/A)	N/A		

Describe your career goals and objectives:

My career goal is to become a pharmacist within five years. I love helping other people, and I aspire to have my career to enable me that opportunity to help others. I have taken many college courses to help me achieve my goal of finishing the pharmacy program more efficiently and effectively. I find the anatomy and the physiology of the human body fascinating. I enjoy understanding how different elements and chemicals affect the body differently. This discovery of my fasciation of health and chemistry lead me to the decision to become a pharmacist. Pharmacists are usually the one person behind the counter that counts pills for their clients. But, there are many career paths with pharmacy, including the making of different medicines and working in hospitals with patients and their different solutions and medicines they take. I feel that with my career choice, I will be able to fulfill my goal to help others everyday in my career.

Describe some of the jobs that you have held, if you are presently employed, and if you intend to work while attending college:

As of Fall 2015, I have worked three jobs since the age of eleven years old. I started out working the weekends at my local golf course washing the golf carts. I didn't earn more than \$5 a day, but it was enough for me to understand that earned money was the best money. That small job eventually lead me to the opportunity to work in the pro shop or gift store at the same golf course at the age of fifteen years old. I was able to work the register under the guidance of my boss or another employee. By the age of sixteen years old, I was promoted to the position of assistant manager until the age of seventeen, when I became manager. As manager, I had the responsibility of organizing golf tournaments, arranging rentals of the course, and reordering new equipment. I have been manager from seventeen until currently; I work there in the summers and I would work there in the spring and fall after school would get out. I also worked concurrently from sixteen to eighteen at a local snow shack where I would make snow cones and manage the shack daily during the summer. During my freshman year of college, I have a Career path Internship at the Speech Pathology and Audiology division of the college. I work under the director of the program, doing undergraduate research for her between classes that I have throughout the day.

Describe your extracurricular activities, awards, honors, and offices held:

During my high school career, I have participated in many clubs and organizations that I felt my skills and ideals fit the best. I have participated on my high school's soccer and tennis teams for four years and I have lettered all four years in both sports. I was also voted as both teams' captain for my senior year. I acted in my high school's play of Peter Pan. I have participated in my school's Rotary Interact club, the National Honors Society, and I was a Girls State delegate the summer before my senior year. I was a member of the Seminary Council for my school's church program. I was also elected as the Executive Secretary of my student body my senior year in high school. I organized the blood drives at my high school; I prepared and hosted ever pep rally and assembly as well. I was elected the representative of my county's Education Foundation to promote and teach other schools the importance of the foundation and how they helped students in our district. I was awarded the All-Conference Student Athlete Award because of my grades and hard work in the community.

Describe your participation in one of Rotary's youth programs such as RYLA (Rotary Youth Leadership Awards), Rotaract, Interact, Rotary Youth Exchange

My high school had the Rotary Interact club where students could join and do community service in our school and city. I was able to be a part of this club and be the Vice President of the club. I organized the blood drive for the school by finding volunteers and working with the Red Cross people to ensure that everything was set up correctly for our school-wide service project. I helped organized our annual Highway Cleanup to fulfill our citywide service project. I also participated in our region-wide service project of volunteering at the soup kitchen in Idaho Falls monthly to help with the cooking and cleaning along with the other volunteers. For our worldwide service project, we collected money, clothes, shoes, toiletries, and other humanitarian goods and sent them to an all girls school called Daraja Academy in Kenya, Africa. We had a local girl go and volunteer at this school and she came back with many ideas and ways to help out these underprivileged girls.

Imagine you are sitting in front of the scholarship committee, and explain why you should be awarded this scholarship (please limit your response to no more than 200 words):

I feel that I should be awarded this scholarship because I have willingly volunteered countless hours to service. I have done this willingly because I feel that one person can make a difference in the world. I plan on continuing with volunteering and charity work throughout the rest of my life. I may not be making a huge difference at the moment, but I know that one small step in the right direction can lead to bigger and better leaps into improving all humankind on this beautiful earth. I feel that my hardworking determination and strive really help me accomplish every goal I put forth. I want to be able to utilize my talent and help everyone that I can in the short amount of time I get here. I not only enjoy feeling good that I did some good in the world today, but that I made someone else happier too. That is the best reward I could ever receive.

I certify that the information that I have provided in this application is true (type the word Yes in the box to the right)	Yes
I certify that that my typed name in the box to the right serves as my signature	MaKia J Perez
