Brief Project Description:

Food for low-income children's backpacks during the school year. The children are on meal programs during the school day but have gone hungry during the weekends. This lack of weekend food means they come to school Monday morning not able to concentrate on school work. The food we give them would provide nutrition over the school weekends.

1. Project Start and Ending Dates:

(Projects may not begin prior to the District receiving approval from TRF. Reimbursements for earlier expenses are not eligible. Projects must be completed by the end of each Rotary year.)

2. Project Location: Community International

(If the project is international, will there be a Rotary club from the other country involved? If so, explain how they will participate.)

Filling the individual bags will be accomplished by Surf City Rotary Club and by Westminster High School Interact club. the two clubs will alternate the process. One time will be the Rotary club, the next time will be the Interact club. Every Thursday night there will be Interact members and Rotary club members handing out the food to the families.

9. Who are the Beneficiaries:

(Who are you serving and how?)

We are serving a motivated immigrant population. A population that wants to learn English and learn how to better succeed in America. We will provide food for their children while the Boys and Girls Club will provide tutors so help them learn English and other tools to succeed in America.
