

Douglas Hnatiuk,
Parks and Community Development
City of Whitehorse
2121-2nd Avenue
Whitehorse, YT
Y1A 1C2

Dear Mr. Hnatiuk,

Thank you very much for your support and assistance to the Rotary Club of Whitehorse for our Main Street Piano Project.

We wish to move forward with this project and would appreciate your assistance to locate and purchase an appropriate shelter to house the piano at Main and Front Streets. The cost of the shelter and roll down locking shutter will be borne by the Rotary Club of Whitehorse. Our club will also provide the piano and stool.

It is our understanding that installation and ongoing maintenance of the shelter will be done by the City of Whitehorse. The Rotary Club of Whitehorse will be responsible for the maintenance and winter storage of the piano.

We realize that it is very important that the shelter be unlocked, giving access to the piano during limited hours each day to minimize disturbing guests at the Edgewater Hotel as little as possible. The assistance of by-law officers for this task would be appreciated.

We are very excited about this project and look forward to its contribution to our city with its potential to add ambiance and interest to Main Street for both locals and visitors. It has been a very successful project in other Canadian cities, including Edmonton and Red Deer.

Through our Rotary Music Festival, we will encourage young people to use the installation as much as possible.

Yours truly,

Bonnie Venton Ross
President
President, Rotary Club of Whitehorse.
