Sun View Elementary Project Update

As of today the books have been ordered and received. A copy of the invoice for the books from Scholastic has been uploaded for the records. We are still waiting to receive the books ordered from Amazon. We have also ordered and received the book marks that include the "4 way test" and stickers for each book letting the students know where there summer reading books came from. A copy of that invoice has also been uploaded.

The program for our meeting being held on April 7th will be a club service project where we will assemble the books as a club to hand out to the students instead of our regular program. We have scheduled distribution of the books with the school on April 21st.

Yours in Service,

Mary Kinkella
Club Service Chair 2015-2016
