To Whom It May Concern:

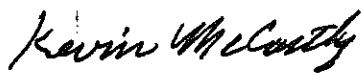

The Fullerton Youth Park consists of three primary youth groups that use the facility on a daily basis:

- Boys & Girls Club of Fullerton – Teen Center
- Boy Scout Troop 93
- Girl Scout Troop 1895

The Boys & Girls Club uses the facility every day with an emphasis on school help with computer access. The program is involved in helping teens deal with all aspects of growing up in today's world. The Boy Scout Troop has weekly meetings every Tuesday along with a variety of camps and outings planned during the year. The Girl Scout Troop has meetings at the park along with yearlong activities on and off the site. These youth groups are not charged any money and call the facility home.

If selected for the grant the Boys & Girls Club and the Boy Scouts will provide volunteers to help with the project, these volunteers will also be assisted with adult leaders from both organizations. The Girl Scout Troop will also help if need be. I hope this letter helps explain about the park and the vital importance it plays each and every day for the youth of the Fullerton Community.

Sincerely,

Kevin McCarthy
Youth Park Chairman
