

District Grant Report

Rotary Club: Yorba Linda Sunrise Rotary Club

Project Title: Septic Tanks for families

Progress Report Final Report

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?
 - Corazon estimates more than 51% of Mexicans live in poverty. They assist in the building of communities through community action and help raise families into better living conditions. Under water and sanitation and in collaboration with Rotary we now add a septic system to the homes for health reasons..
 - The pilot septic system was placed in March 2015 (see photo)
 - The first system of this project was placed in March 2016 (see photos)
 - The next 2 systems will be placed on May 27 and May 28, 2016.
 - The fourth and last system of this project will be placed on June 4, 2016.
 - All placements are in the community in the Tecate area near Tijuana.

2. How many Rotarians participated in the project?
 - 2-5 Rotarians participate in the septic system component depending on how many volunteers go down for each installation.
3. What did they do? Please give at least two examples.
 - Rotarians oversee the back hoe operation to ensure full sizing of the pit for proper installation and the drainage field for proper functionality.
 - Rotarians over see the attachment of all pipe components to ensure the correct function and operation of the septic system.
4. How many non-Rotarians benefited from this project?
 - The recipient family benefits as in most cases they have a fully functioning bathroom for the first time ever. This means reduced risk of disease.
 - Similarly the community benefits as it is one less load of sewage going into an open pit every time the bathroom is used.
5. What are the expected long-term community impacts of the project?
 - Long term teaching of children about health and hygiene.
 - Reduced risk of infectious disease
 - Better living conditions for women and children in particular throughout the community.

6. If a cooperating organization was involved, what was its role?
 - Corazon: Corazon works with the families and ensures they are collaborating within their communities. The families earn points for their community activity and as they rise up the chain, they become eligible for help with home projects such as the septic systems. They have the in depth organization skills and knowledge in the area and so deal with all legalities to make the projects seamless for the volunteers.

Financial Report – Be sure that Income equals Expenditures!

7. Income	Amount
1. District Grant funds approved by the District	\$2,367
2. Club contribution	\$2,367
3. Other funding (specify)	
Total Project Income	\$5,734

8. Expenditures - please be specific and add lines as needed - receipts must be attached

1. Septic Tanks	\$2,742.90
2. Tanks transportation	\$750.00
3. Gravel, PVC linkages	\$538.11
4. Customs and Importation Fees	\$900.00
5. Backhoe rental	\$259.29

6.	
	Total Project Expenditures
	\$5,190.30

9. By signing this report, I confirm that to the best of my knowledge these District Grant funds were spent only for eligible items in accordance with Trustee-approved guidelines, and that all of the information contained herein is true and accurate. Receipts for all grant-funded expenditures have been provided to the district. I also understand that all photographs submitted in connection with this report will become the property of RI and will not be returned. I warrant that I own all rights in the photographs, including copyright, and hereby grant RI and TRF a royalty free irrevocable license to use the photographs now or at any time in the future, throughout the world in any manner it so chooses and in any medium now known or later developed. This includes the right to modify the photograph(s) as necessary in RI's sole discretion. This also includes, without limitation, use on or in the web sites, magazines, brochures, pamphlets, exhibitions and any other promotional materials of RI and TRF.

Certifying Signature Ian Hicks Date: May 24, 2016

Print name, Rotary title, and club Ian Hicks, Vice President, Yorba Linda Sunrise Rotary Club.

Rotarians Perry and Fox will be in Mexico the next two weekends to install the last three tanks. The purchase of additional PVC piping, gravel and linkages will be covered by the remaining \$83.70. Any additional costs will be split between Corazon and Yorba Linda Sunrise Rotary Club.
