Project Title	Economic and Community Development by donation of School Bus for continuation of Girls education, Water and Sanitation facilities by way of donation of Raw Water Treatment plant along with RO plant at Boy's Hostel to Torana Rajgad Samajonnati Nyas at Velhe, Tal. Velhe, District Pune		
Brief description	<p>TRF Focus areas :</p> <ol style="list-style-type: none">1.Economic and Community Development2. Education and Literacy3. Water and Sanitation. <p>Torana Rajgad Samajonyatu Nyas is NGO and Charitable organization working for village community in and around Velhe Taluka , Dist Pune. Since 1986, organization is working relentlessly for betterment and uplifting the life of the rural people.</p> <p>Important Points</p> <ul style="list-style-type: none">• The Trust has already constructed Boys Hostel for 50 + rural area boys. Since last 15 years, the stay and food is totally free for the boys residing there.• They are having 14 Seater Tata Winger donated by Cognizant 5 years back. But the model is outdated and the maintenance is very high. The girls are more than 35 nos. So they pick up the girls from the surrounding villages in 3 trips. The transportation is also free for girls.• Raw water treatment as well as Safe drinking water provision is required at Hostel. <p>Need, Benefits and Sustainability of the Project :</p> <p>Need of School Bus for School Girls :</p> <p>NGO observed that, significant numbers of girls were discontinuing education after 7th standard due to non-availability of transport facility. Girls were getting married before their legal age. To address this issue, organization started free bus pick-up drop facility to the girls up to 10th standard, which has received great success.</p> <p>Current 14 seater bus is donated by Cognizant in 2012.Since then, every year transportation is provided free of cost to about 35 girls on daily basis. Till now more than 200 girls have been benefited by this noble initiative.</p> <p>Current Bus is very old and hence it's difficult to get the spares of bus. Also. the cost of maintaining the bus is high. Current bus needs more</p>		

DDF Request Form (RY 2017 – 18)

maintenance due to road condition in rural area. More parents are requesting to enrol their girls to avail this facility. Due to present bus capacity constraint, it can't accommodate additional enrolment.

Benefit after School Bus Donation :

When new 40 seater bus will be provided, the multiple trips of a small bus will be reduced to single trip. With higher capacity bus, more girls can do schooling till 10th standard. It will save the fuel cost as well as maintenance cost. It will save the transportation time also. The saved amount in fuel and maintenance can be utilized for other charity object.

The NGO has their own source of funds from Donor's. Through those donations they are managing the fuel cost and maintenance cost and will manage the same in future also.

Need of Raw Water treatment plant and RO Plant at Boy's Hostel:

The source of drinking water is well. The quality of well water is not suitable for drinking as well as daily use like cleaning & washing. Consumption of raw water gives rise to various diseases. This becomes worst during monsoon season. Many times, students fall sick which impacts their study also. To overcome this issue, we will be installing a raw water treatment unit along with RO filtration system.

Benefit after Raw Water Treatment Plant and RO Plant:

Safety, Hygiene, Health and well-being of student's health (which will help them to concentrate for better studies) and of resident staff's health (which will help them to concentrate on their duties). They will get clean and soft water suitable for drinking as well as for daily use.

Who will benefit from this global grant?

1. School Bus – School going Girls in and around the villages. (More than 50 girls)
2. Raw Water Treatment Plant and RO Water Plant : More than 100 nos.

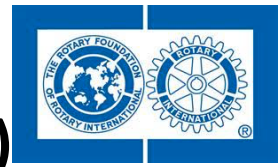

Budget of Project :

1. School Bus = Rs.18,67,679.00
2. Raw Water Treatment Plant and RO Water Plant = Rs. 6,28,126.00

Total Amount = Rs. 24,95,805.00 or \$ 38397 (1USD = Rs.65 /-)
