Dear Members:

I write today to express my support of your efforts in the revitalization and preservation of Crow Creek through the purchase and installation of Gutter Bin systems along the creek. It has been brought to my office's attention that this particular system is a proven, best management practice for water quality treatment. The bin project will prevent a good amount of debris and pollutants from directly entering this important asset to our community, and furthers our desire to re-establish a cold-water fishery in Cheyenne.

I applaud your efforts, and wish you success in your grant application. Thank you for all that you do for our community.

Sincerely,

Marian J. Orr  
Mayor, City of Cheyenne
