Project Objectives and Implementation

PROJECT OBJECTIVES

The Rotary Foundation approved global grant funding to be used for the following project objectives:

In India, every year close to 20,000 people get affected by varying degrees of Spinal Cord Injury. Spinal cord damage, depending upon the severity of the injury, causes a partial / complete paralysis of the body below the level of injury. These patients need urgent treatment with stabilization surgeries and intense rehabilitation along with attention to allied problems like bowel and bladder incontinence, Gastro intestinal problems, psychological disturbances, etc.

Most of these people belong to the BPL group who just earn enough to meet their daily needs with hardly any savings. Unprecedented instantaneous events like road traffic accidents, fall from height while at work, etc caused this sudden unexpected setback for which they were absolutely unprepared. These victims are usually males in the age group 18 - 45 who are breadwinners of their family. Following this incident, all the resources of the family gets diverted towards the care of the patient with the hope for recovery requiring several compromises by the family members, sometimes to the extent of children having to discontinue school to support the financial needs of the family. This event not only paralyzed the patient, but also paralyzed an entire family!!!

Typically, Spinal Cord Injury not only involves the bread winner but also affects the next bread winner and the other members of the family. The financial drain jeopardizes the lifestyle of the family including children's education and in many cases the children are forced to start earning to sustain the treatment and take the family forward.

This project, provides a holistic rehabilitation program integrating all the needs of the spinal cord injured patients to become independent and perform their daily activities on their own without burdening the family.

Have any of these objectives changed?

No

Have you made progress toward your project objectives?

Yes

Describe the progress you've made so far.

During the current year we have rehabilitated 30 patients.

PROJECT IMPLEMENTATION

Your grant application included plans for the following activities. Please report on each of your project activities below. If there were any additional activities during the project, please report each of them by clicking the Add an Activity button at the end of this section.

1. Admission and Assessment

Duration

1 Day

Status

In progress

2. Therapy for bed mobility

Duration

1 to 2 Weeks

Status

In progress

3. Therapy for Standing

Duration

1 to 2 Weeks

Status

In progress

4. Therapy for transfer activities like Wheel Chair

Duration

1 Week

Status

In progress

5. Therapy for walking with Orthotics

Duration

1 to 2 Weeks

Status

In progress

Supporting Documents

Measuring Success

How many people have directly benefited from the project?
40

DISEASE PREVENTION AND TREATMENT

Impact measures

1. Number of individuals reporting better quality of health care services		
Collection method	Frequency	Beneficiaries
Direct observation	Every year	20-49
RESULTS TO DATE		
Collection Method	Frequency	Beneficiaries
Direct observation	Every year	30

Monitoring and evaluation

Participants

SPONSOR PARTICIPATION

What roles and responsibilities did host sponsor members have?

host club members and the Anns are regular visitors to the rehabilitation patients for review and observation. all members are emotionally involved in supporting the project.

What roles and responsibilities did international sponsor members have?

sponsor members monitor the status of project and take note of progress frequently

PARTNERS (*OPTIONAL*)

Add any Rotary clubs or districts that were involved in this project, other than the host and international sponsors or financial contributors.

No.	Type	Club name or district number
-----	------	------------------------------

COOPERATING ORGANIZATIONS

1. Ganga Medical Centre & Hospitals Pvt Ltd Coimbatore, India. ISOC

313,Mettupalayam Road
Coimbatore Tamil nadu
641043
India

www.gangahospital.com

Describe how cooperating organizations participated in the project.

Normal person becomes paraplegic and becomes a burden to the family. all organisations realise this and encourage patients and support by motivating.
