If yes, explain how and why.

We received permission dtd 22nd August'16 to utilize savings to further Rotary's WinS program at our RCC School - Bright Academy. Order was placed with Stone India Ltd on 31st Aug'17. Work was started but as there is NO boundary wall in the school compound, miscreants damaged the Toilets and threw the Bio-Toilets into a pond next to the school ?? (attached Rampara Report). Thus it is felt a Boundary Wall is an important must to save guard the school property and children. The wall has been estimated to cost approx Rs 3,50,000/-. We have received a commitment from a member of our Club to contribute Rs 2,00,000/-. Thus we request TRF to approve the use the balance funds available - Rs 1,20,000/- for the wall.

List your project activities to date. In your description, tell us where the activity took place, who participated, and what has been accomplished.

Describe the overall financial management of the grant, including how payments are being issued and who is responsible for issuing them. Share any financial management challenges.

Bills are received by the Project Committee Member and passed for payment are forwarded to the president for passing. Bills are then forwarded to Club Treasurer to draw checks and forwarded to the Bank Account Signatories who after signing forward the same for issuing to the suppliers. The process unfortunately does cause delays and thus causes delays in the implementation of the project.
