The President
Rotary Club of Ludhiana (North),
Ludhiana (Pb.) INDIA

Sub. : Grant / co-start of Eye Department in Vijayanand Diagnostic Centre

Dear Sir,

Vijayanand Diagnostic Centre is being run by an N.G.O. "Vijayanand Diagnostic Centre" registered charitable trust. It is also registered with the Income Tax Department u/s 12A and 80G of Income Tax Act, 1961. Centre is functioning on charitable basis and is catering health services to the needy sick & suffering without distinction of caste and creed. At present we are running OPD's such as Medicine, Surgery, ENT, Paediatric, Gynae, Dental, Ortho, Skin, Dietitian, Psychiatry, Physiotherapy and Cardiology etc. Beside OPD centre is running Laboratory in which all tests and histopathology are done on fully automatic computerized machines. In Radiology, centre is providing services like CT-Scan, Ultrasound, Digital X-Rays, HSG, ECG Computerized, Echo./Color Doppler, TMT, Mammography & DEXA-BMD. In addition to these services we have ENT Endoscopy, Impedence Audiometry Test, EEG Computerized, Gynae Colposcopy and Physiotherapy Treatment.

Due to lack of space trust could not start the eye department earlier. In the year 2013-2014 space has come in our hands by extending the old building approx. 3000 sq.ft. as covered area. So in order to meet the public demand it has been decided to start the **EYE DEPARTMENT**.

In the first phase it is proposed and planned to install equipments in the eye department as per list enclosed herewith.

It is a known fact that the Rotary International has always helped the country/NGO in the area of health to a large extent. Therefore, we also request the Rotary International through your club to join us in the service to humanity by providing grant/help for the purchase of enclosed list of the equipments.

Looking forward for a favourable consideration at the earliest.

Thanking you

Yours faithfully
For VIJAYANAND DIAGNOSTIC CENTRE
