◆ **COUNTRY OF ORIGIN :**

Germany

◆ **INSTALLATION :**

The installation of the equipment will be carried out by our engineer(s) free of cost upon receipt of confirmation that all recommended installation prerequisites have been completed by the purchaser.

◆ **INSTALLATION PREREQUISITES FOR ZEISS SURGICAL MICROSCOPES :**

The ZEISS surgical microscopes are high-grade technological products. In order to ensure optimum performance and safe and proper working order of these products, we recommend the users to complete the following installation prerequisites :

- The ambient requirements for operation and for transportation and storage of these products are :

	For operation	For transportation and storage
Temperature :	+10.....+35°C	-25.....+55°C
Relative humidity :	0..... 70%	0..... 60%

-The operating rooms where these products are to be installed and used should be air-conditioned and dust-free.

The dehumidifiers must be used to keep humidity in the operating rooms within specified limits throughout the day and night in order to avoid damages to optical and electronic components.

-The operating rooms should have electrical power supplies of 220 V +/- 10%, 50 Hz, single phase and power outlets with proper earthings. The neutral-to-earth voltage should be less than 5 V.

-Suitable constant voltage transformer(s) or voltage stabilizer(s) or UPS should be readily available.

-The consignment should be opened and inspected in the presence of our personnel or personnel authorised by us.
