

JINOTEGA Rotary Club - LAS BRUMAS

Jinotega 26th of July, 2014

Gentlemen
Grapevine Rotary Club

Very dear fellow Rotarians

By means of this transmission letter, the rotary club Jinotega -Las Brumas, SUPPORTS, the management and administration by our fellow Rotarian, Martin Rojas, to support providing free transport, over rivers and road, to children and mothers requiring surgical care for cleft lip and cleft palates, in the department of Jinotega, Nicaragua.

Our intention is to obtain a riverboat with 40HP engine, an outboard motor of 40 horsepower to reach inaccessible communities on the Bocay and Coco Rivers which are not accessible by any other means. As well, we require a 4x4 vehicle (four wheel drive), which will transport patients from Ayapal or Wiwilí, to Jinotega, Managua, or Leon, where the surgeries will take place.

We are confident a mutual understanding between Rotarians, we reiterate our greetings, Live Rotary!.

Victorino Centeno
President, Rotary Club
Jinotega
