Dear Ms. Green,

GV Trust is a charitable organization, set up by Jaishree Varadaraj, in memory of PDG Rotarian G. Varadaraj (GV), her father who was a philanthropist. GV was a well known figure in Rotary both locally and internationally. Besides supporting causes pertaining to health and education, one of the main goals of GV Trust is to fund projects within the local community of Coimbatore, South India- District 3200 in collaboration with the Rotary Clubs.

One of the first such projects is collaboration with the SAI CITY rotary club to fund heart operations for under privileged children along the Gift of Life guidelines. Our goal is to complete 50 surgeries by JULY 2011. The total requirement of funds for this is about \$60000. After the completion of the surgery, GV Trust will mentor the children, monitor and assist with their education and health, until they are capable of being self-supportive.

We would like to thank the San Diego Downtown Breakfast Club and District 5340, for extending your support to our cause and assure you of our commitment towards this project.

The main persons involved in this venture are:

Jaishree Varadaraj                      Trustee and Rtn. San Diego Downtown Breakfast Club

Rajini Varadarajan                      Trustee

Lalitha Mohanraj and Soundar who are volunteers assisting the Trust.

GV Trust will be donating \$2000 towards this project. Since January 2010 we have successfully completed 3 surgeries and look forward to marching towards our goal of 50 by July 2011.

We thank you for your assistance and look forward to working together on several projects in future.

Sincerely

Rajini Varadarajan

(Trustee)
