

District Grant Report

Rotary Club: Orange

Project Title: Chapman Hills Elementary

Progress Report Final Report

- Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries? Chapman Hills Elementary School's pre-school, kindergarten play structure and upper grade play structure were removed for safety concerns, and the school did not have funds to replace them due to budget cuts. Our club partnered with the school district and local PTA to fund replacement structures.
- How many Rotarians participated in the project? 6
- What did they do? Please give at least two examples. Jay Carr coordinated with the school principal, district, and PTA to make budgets and plan the project. Steve Lopushinski helped pick out play equipment and plan opening ceremony. Steve also donated his photography expertise for the event.
- How many non-Rotarians benefited from this project? 250 and counting. All the kids at Chapman Hills Elementary and many kids to come.
- What are the expected long-term community impacts of the project? Safe and happy school children. Teachers can be confident kids are busy and safe at recess. The school can maintain its good standing in the community as it proudly displays the safe and fun equipment.
- If a cooperating organization was involved, what was its role? The school PTA also raised funds for the project and helped coordinate the implementation.
