

**District Grant Report**

Rotary Club: Newport-Irvine

Project Title: Ensenada Medical Mission

Progress Report       Final Report

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?  
We conducted a medical dental clinic on September 3 in one of the poor communities of Ensenada. It was conducted in conjunction with the Todos, Santos Rotary Club in Ensenada Mexico. We recruited 5 doctors, 4 dentists and pharmacist to provide medical and dental exams of the children and provide dental services (fillings, extractions, cleaning, and diagnosis). We provided meals and lodging in Ensenada for the medical and 7 support personal.
2. How many Rotarians participated in the project?  
3 Newport-Irvine Rotarian went to Mexico, several helped in the planning and many Rotarians from the Ensenada Club.
3. What did they do? Please give at least two examples.  
They helped with setting up and taking down facilities, they help with the logistics of registering and moving children to various station, interacted with the children and their parents.
4. How many non-Rotarians benefited from this project?  
Over 200 school children and their parents were examined and/or treated.
5. What are the expected long-term community impacts of the project?  
Improved dental care and less dental problems.
6. If a cooperating organization was involved, what was its role?  
The Maneadero Elementary School provided the facilities. It is in a remote poor district of Ensenada.

John,

I am providing you the following info which you can supplement as necessary.

You have all the financial info and the receipts.

The medical and dental mission to **Ensenada, Mexico, took place from Sept 2-4, 2017.**

Our team consisted of 5 Doctors, 4 Dentists, 1 pharmacist and 7 volunteers out of which 3 were Rotarians from N-I Rotary Club.

The mission was conducted jointly with our **sister Rotary Club in Ensenada( Todos, Santos Rotary Club).**

They had arranged for us to visit **Maneadero elementary school** kids and their parents. School was in remote poor district of Ensenada. Our team together with help provided by local Rotary club provided free medical and Dental care including medicines to over 200 school kids and their parents.

Some Dental equipment was provided by Rotarian Steve Bender but we had to rent most of Dental equipments for the Dentists which caused us to over run our budget. To cover the shortfall we organized a Dinner On September 3, 2017 at Saagar Indian Restaurant where we also honored the professional Doctors, Dentists and Pharmacist who volunteered to go to Ensenada on the Mission. Plaques were provided to them by our District Governor, Ian Hicks..

John,

I think this much info should be enough for the report. Please let me know if some other info is necessary.

Thanks.

Singh,

Some of the questions we should address.

Who went. How many Doctors, Dentist, Dental Students, Aids

What did we do? We had several rooms set up What was happening in each room? What tests did we do? What training was done? Other activities?

Who was treated? Children and adults. Training for parents?

I am sure there are other things to add, but we need to be specific.

I will do the editing if you get me the facts. I was not involved enough to remember.

John

Our database indicates that this project has a current status of "Paid" and we have not received any update information in the last 6 months. We need to know if this project is still ongoing, or if it has been dropped, or if it has been completed.

If the project status is correct, please **enter a history log entry** to record the latest information about this project. This will stop these reminder emails for another 6 months. History log entries are entered in the "History Logs" tab of the administration page.

If this project has been dropped, please reply to this email and explain why it was dropped so that we can take the necessary action to update the website.

**Current Status:** Paid

**Next Status:** Reported

**What to do to go to the next status:** This project is "Paid". This means that the check for the DDF payment has been issued. Please make the necessary arrangements for the project implementation. Please keep all receipts of project expenditure, and upload all the implementation information on the website as supporting documents. The website is used as a centralized repository for stewardship information. Please upload the final report when this project is completed. Once the report has been uploaded, go to your project administration page and click on the "Reported" button.

**STATUTORY DISCLOSURE FOR INSURANCE COVERAGE IN MEXICO**

The policy for insurance coverage in Mexico is issued by an Insurance Company in a foreign country. It is important that our clients understand the policy is not regulated by any US Government Agency. We want to assure you the companies we use are the most reputable Insurance Companies in the Republic of Mexico.

Arizona Statute A.R.S. 20-422(C) requires that you be given the following notice:

"This policy is issued by an insurance company that is not regulated by the Arizona Department of Insurance. The insurance company may not provide claims service and may not be subject to service of process in Arizona. If the insurance company becomes insolvent, insureds or claimants will not be eligible for protection under Arizona law"

The following are some important differences and exceptions found in policies issued for travel in Mexico.

1. Due to recent change to Mexico Liability Law it is now required to carry higher Death Liability limits (depending on each State specific requirement of where the loss occurs). It is understood that all customers can purchase up to \$500,000 Combined Single Limit. It is highly recommended that you use the same level of care regarding Mexico Liability limits that you would use when purchasing a US or Canadian auto liability policy. The radical change to Mexico Liability law means that claims for Death Liability in Mexico will now be similar to the damages that are often imposed by courts in the US and Canada in similar cases.
2. If two Americans have an accident in Mexico and wish to file a suit in the US, Mexico's policy will not respond to a liability suit brought to the US. It will only respond in Mexico.
3. Liability for bodily injury sustained by a third party (passengers) in the insured vehicle is not covered. Example: There is no coverage if passengers of the same vehicle sue each other. However, no-fault medical payments coverage for passengers is provided.
4. Damage caused by a person without a valid driver's license or under the influence of alcohol or drugs is not covered.
5. Damage sustained while participating in speed trials or races is not covered.
6. Loss or damage to under-parts of the insured vehicle as a result of overloading or rough roads is not covered.
7. Unless the declarations page of the policy indicates otherwise there shall be no coverage provided for damage caused by a vehicle towing a trailer or damaged caused by the towed trailer.
8. Coverage for physical damage is not included unless it is purchased and specifically described in the policy. If physical damage coverage is purchased, the form covers collision, overturn, fire, natural phenomenon, glass and total theft. Damage caused by the action of tides is excluded.
9. If you return to the US without an adjuster's report, coverage is void.
10. Daily policies (a policy shorter than a 6 month term) are not eligible for refunds or cancellations after the effective date of the policy. 6 month policies are fully earned, and no refund will be provided if the cancellation is requested more than 20 days after the effective date. Annual policies are fully earned, and no refund will be provided if the cancellation is requested more than 30 days after the effective date. For cancellations requested within 20 days (6 month policies), or 30 days (Annual policies) of the effective date, the pro-rated return premium shall be calculated as follows: The premium shall be divided by 20 (for 6 month policies) or 30 (for annual policies), the result of which is "daily rate" earned. The number of days after the effective date on which the cancellation was requested, multiplied by the "daily rate" equals the "earned premium." The original premium, minus the earned premium, equals the portion of unearned premium that shall be due the customer as a refund. Appropriate taxes will also apply. A cancellation fee equal to half of the Policy Fee will be retained on all cancellations.

This information is provided to help you better understand some major points of Mexican Insurance and does not replace or amend any conditions or limitations in the policy form. Please review the policy form for full details on the conditions and limitations.
