

District Grant Report

Rotary Club: 840

Project Title: Literacy for Preschool, Elementary and Teacher Literacy Projects

☐ Progress Report ☒ Final Report

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

The goal was to contribute to the literacy of reschool and elementary children and to various creative literacy projects taught by teachers.

2. How many Rotarians participated in the project?

We had at least 20 individuals actively participating Rotarians involved in the project.

3. What did they do? Please give at least two examples.

The Rotarians involved participated in determining what the books would be, ordering and distributing them. On distribution day, many Rotarians read the books to the children, and made the distribution a celebration of reading.

4. How many non-Rotarians benefited from this project?

Hundreds of students and their families. Schools: Harte, King, Fremont, Cleveland, Garfield, Kettering and Riley.

5. What are the expected long-term community impacts of the project?

The long- term impact will encourage children to read earlier, or simply to read. This allows the person as an adult to recognize opportunities for employment later in their lives, and to be effective at their work. This will improve the health, safety and welfare of the population in general. It will decrease homelessness, and crime as well. The ability to read increases earning potential, therefore creating opportunity for people and their families. As a result of the ability to read, they and their families will have access to more opportunities. Through reading, one learns about conflict resolution to create peace, what causes disease, and creates health and prosperity.

6. If a cooperating organization was involved, what was its role?

No other organization was involved in this grant.
