

Kingman Route 66 Rotary Club

District Grant 5495

All Accessible ADA Approve Swing Project

July 2017 - Susan Williams completes the application for the Rotary District 5495 Matching Grant in the amount of \$4,000. Based on the 2014 Mohave County Children and Youth with Special Health Care Needs (CYSHCN) Community Health Assessment several key findings were noted: the lack of awareness and the lack of access to services that would provide socialization and physical activities which include wheelchair accommodations and handicap friendly playgrounds. The grant was written to provide a wheelchair swing at a local city park in Kingman, AZ.

August 2017 – Susan Williams attends city council meeting to inform them of the wheelchair swing. Recommendation is to work with the city of Kingman's Park and Recreation's Superintendent to determine needs and location for the wheelchair swing project. It is directed to the Parks and Recreation Commission. Susan Williams and Cassy Greenwood (Mohave County Department of Public Health, Special Needs Coordinator) attend the City of Kingman City Parks & Recreation Commission meeting to request acceptance of a wheelchair swing and installation at a city park.

September 2017 – Susan informs the Kingman Route 66 Rotary Club Board of the approval of the wheelchair swing project. Check is issued to our club. Bids are being generated for the swing.

November 2017- The local Special Needs Advocacy Coalition (SNAC) receives a donation notification in the amount of \$409.65 from Cerbat Dental Group. Cassy and Susan decide to use that funding toward the playground equipment.

December 2017 - Mohave County Board of Supervisors approves the \$409.65 donation to be used for SNAC.

December 2017 - At a SNAC educational workgroup meeting, Cassy & Susan ask for feedback on wheelchair swings. Vijette Saari from First Things First mentions inclusive playgrounds in the Phoenix area and in St. George, Utah. She said to look into their process of purchasing and installing equipment.

January 2018 - Phone call meetings with St. George, Utah Parks Planning Manager Jeff Peay and Andrea Moore, City of Mesa Parks Planning and Operations Manager. Both informed us they did not have wheelchair swings in their playgrounds.

- What we learned from Andrea Moore was that the Dobson Ranch Park does not, and none of the City of Mesa parks, have a wheelchair swing for many reasons.

One is the liability; it is a large piece of equipment and with no staff to monitor its usage, it is easy for children to get hurt from a swinging metal wheelchair swing.

Two is that the wheelchair swing doesn't do as much for inclusion as some of the other pieces they installed do.

- What we learned from Jeff Peay was that Thunder Junction in St. George also does not have a wheelchair swing for many of the same reasons.

- Both parks have Expression Swings which are very popular with the community members.

January 2018: Cassy speaks with parents at the MIKID (Mentally Ill Kids In Distress) parent support meeting and learns that these parents and caregivers do not like wheelchair swings as much as they like the expression swings. The parents also inform the SNAC leaders that they would prefer the playground equipment to be installed at Metcalfe Park for many reasons:

- Metcalfe is more fenced in so kids that are a flight risk (autism) cannot escape as easily.
- Centennial is very busy/over-stimulating for some children with disabilities.
- Centennial has the schools using the playgrounds in the day, which can be intimidating to young children.

January-February 2018: Cassy and Susan research companies that sell Expression Swings. Susan meets with Mike Meersman, City of Kingman Superintendent of Park and Recreation to discuss the swing and placement location.

February 2018: Susan meets with Bill Shillings, City of Kingman, to discuss the possibility of collaborating with them to have an all accessible park alongside of

their Kiwanis\BLM Fishing Lake Park in Kingman. Bill will present to City Council.

March 2018: Susan contacts Rotary grant administrator to get approval to change wheelchair swing to an expression swing since the original grant application indicted the funds would be used for a Wheelchair Swing in Centennial Park. Approval granted.

April 2018: Bill Schilling presents and proposed a community planned park to the Kingman City Council which includes an all accessible park. Would like to see CBDG funds along with other service clubs work on this project in our community.
City of Kingman Park and Recreation departments draws out plans for the all accessible expression swing placement.

May 2018: Payment of \$4635.96 made to Play Time for the expression swing. Proposed date to install swing at Metcalfe Park will be in June. Rotary dedication and media event will take place in June 2018.
