Rotary Club	Woodridge	District Grant # _	P-1971	-
Project Title	Youth Park District Programs_			

- Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries? List any changes that might have occurred. The youth assistance program provides opportunities for youth and their families to participate in Park District programs for which they may not have financial means. The program is advertised in the Park District program guide and through their website each season.
- 2. How many Rotarians participated in the project? 5 Rotarians
- 3. What did they do? Please give at least 2 examples. Rotarians helped publicize the program through regular publications at the Park District and solicited children and families to participate through activities conducted by JANO, the Janes Avenue Neighborhood Outreach group which is also a club funded/supported group which provides support for people in Woodridge.
- 4. How many non-Rotarians benefitted from this project? 70 participants plus added family members, estimated at 210 total.
- 5. What are the expected long-term community impacts of the project? Youth and other family participants become involved in the community and develop positive participation skills and become fully involved in the life of the community. The hope is that participants grow up to be positive citizens in our community and the program aids their development as human beings.
- If a cooperating organization was involved, what was its role? The Woodridge Park District is a central partner that advertises the program, screens, and registers participants. The Club and the Park District also conduct joint fundraising activities to support this project and others.
- How did you share the news of your project?
  It is regularly advertised on the website and Park District program materials. We also developed a card that can be distributed to kids and families giving details about how to become involved.
