

District Grant Final Report 2018-2019

This report must be completed and uploaded on matchinggrants.org within 30 days after completion of the project but no later than 2 years after the date of approval of the project.

District Grant # P1981 _____

Rotary Club: Casper ____

Project Title: Residential Solar Systems

Project Description:

1. Briefly describe the project. What was done and where did the project activities take place?
Explain how the beneficiaries and other community members were involved?
Purchased and distributed residential solar systems to eliminate the use of kerosene lamps in low income homes in the Bastimentos, Panama region. In partnership with Club Rotario de Boquete, fund the purchase of residential solar systems to provide home lighting after dark without the use of kerosene lamps. Numerous low income homes in area do not have electrical service. Many families in the area achieve a cash annual income of less than \$2,500 in value. The lack of electricity impacts literacy of student through reduced hours to read. Air quality in the homes burning candles and kerosene lamps impacts maternal and child health especially related to respiratory issues. For approximately \$20.00 per household a solar lamp and cell phone charger was provided to identified low income households in the Bastimentos, Panama area.
2. 230 Rotarians participated in this project.
3. Rotary of Casper members learned about the low air quality in low income residential homes in Panama and contributed matching funds to facilitate a low cost residential light and cell phone charging station installations in low income homes. Casper Rotarians partnered with Club Rotario de Boquete combining solar system order such that Casper, with the assistance of a Centennial Grant, purchased \$1,500 in solar lights. Boquete Rotarians contributed \$2,090 in local funding to pay for the freight from China (\$350) and \$1,740 to increase the number of provided solar systems distributed.

4. How many non-Rotarians benefited from this project? 800
5. Who are the beneficiaries and what is the expected long-term community impact of this project?

Low income families in the Bastimentos, Panama region will receive a positive impact on student literacy through increased hours to read. Air quality in the homes burning candles and kerosene lamps impacts maternal and child health especially related to respiratory issues. For our cost of approximately \$20.00 per household a solar lamp and cell phone charger provides a higher quality of life to low income households in the Bastimentos, Panama area. Long term improvements to health and income potential should be a benefit to the community.

6. If a cooperating organization was involved, what was their role?
 Floating Doctors, a Bocas del Toro based medical non-profit assisted Rotario de Boquete in identifying needy residents of this rural area to receive residential solar lights.

7. Income:

Income Source	Amount
District Grant funds received from the District	\$1,000.00
Contribution by Rotary Club of Casper	\$ 540.00
Contribution by Rotary Club of Boquete	\$2,090.00
Wire Costs Misc Paid by Boquete	\$ 63.10
Total Project Income	\$3,693.10

8. Expenditures: (number receipts starting with 1 and indicate a receipt # (s) for each expenditure) (Do not include travel expenses)

If international project convert amounts to US dollars	Receipt # (s)	Budgeted Amount	Actual Amount
Purchase of Sinoware Solar Lamps	1 (\$3,590)	\$3,590.00	\$3,590.00
Wire Transfer Cost absorbed by Casper		\$0	\$ 40.00
Miscellaneous Transaction Expenses paid by Boquete Rotary	2 (Sinoware Wire)		\$ 63.10
Total project expenditures		\$3,590.00	\$3,693.10

9. Please explain any variance of more than 5% between the budgeted amount and the actual amount including the reason for the variance and why the alternative was chosen.

10. Project score (5=strongly, 4=agree, 3= neutral, 2=disagree, 1=strongly disagree)

	Project Score	Comments
The overall project was successful	5	
The grant process worked well	5	
My interaction with partner clubs was good	5	
We achieved the results we expected	5	

11. Did you upload photos in your project on matchinggrants.org under the Photos tab? (If not, please do so) Photos of lamps provided

12. What worked well on this project and why?

Partnership with Rotario de Boquete went very well. They had assigned members who took ownership of the process of ordering, documenting and receiving of solar lamps. They took advantage of experts in rural areas to help target needy families.

13. What did not work well and how would you suggest improving it?
No suggestions.

14. How was this project publicized?

Project Inventory

Please list all items provided in this grant that are over \$75 in value and are not expendable.

Item Purchased	Date of Purchase	Cost	Destination/ Location	Comments
200 Solar Lamps/chargers	04/2/2018	\$3,693.10	Boquete, Panama	

By signing this report, I confirm that to the best of my knowledge these District Grant funds were spent only for eligible items in accordance with Trustee-approved guidelines, and that all the information contained herein is true and accurate. Receipts for all grant-funded expenditures are attached. I also understand that all photographs submitted in connection with this report will become the property of RI and will not be returned. I warrant that I own all rights to the photographs, including copyright, and hereby grant the District, RI and TRF a royalty free irrevocable license to use the photographs now or in the future, through the District and the world in any manner it so chooses and in any medium now known or developed. This includes the right to modify the photographs as necessary in the District's and RI's sole discretion. This also

includes, without limitation, use on or in the web sites, magazines, brochures, pamphlets, exhibitions and any other promotional materials of the District, RI, and TRF.

Please attach all receipts or an invoice and a copy of the check used to pay the invoice. Funds over \$100 not used must be returned to the district grants treasurer.
