

# Senior Fall and Fire Prevention Initiative

- About the Coalition
- 2014 Alarm Installs
- 2015 Alarm Installs
- 2016 Alarm Installs
- 2017 Alarm Installs

The Natrona Senior Fall and Fire Prevention Coalition is dedicated to preventing falls and fires in the senior population. Public education efforts are conducted at various locations throughout the county based on the National Fire Protection Association's Remembering When Program. Most notably, the coalition installs smoke alarms and night lights in seniors' homes thanks to funding secured through its many partners.

The coalition members include Reville Rotary, Casper Rotary Foundation, Blue Envelope Health Fund, Casper-Natrona Health Department, Casper Senior Health Network, AARP Wyoming, Casper College Fire Science Program, and each of the Fire Departments serving Natrona County.
