 2. Name of District Grant Meat for St John's Food Pantry (project changed to planting trees at cemetery)  
 3. Briefly describe the grant and list any changes that might have occurred: (100 words or less) Originally we were going to pay for processing of elk meat for St John's Food Pantry. After grant funds were distributed, we were told another entity was going to pay for all of the processing and our funds were not needed. We changed our project to purchasing and planting a variety of trees in the Mount Hope Cemetery in Valentine, Nebraska

4. Provide a brief of lessons learned in implementing this grant and how this will improve future grant funded projects: (100 words or less) Good organization and planning will make the project go more smoothly, will make it easier for volunteers to participate, and it will get the project completed more quickly. This organization and planning helped multiple organizations cooperate to get the trees planted at the local cemetery. A local master gardener was present to guide and teach volunteers how to properly plant trees. The cooperation of groups also raised awareness of the Rotary club and its projects.
