July 2, 2018

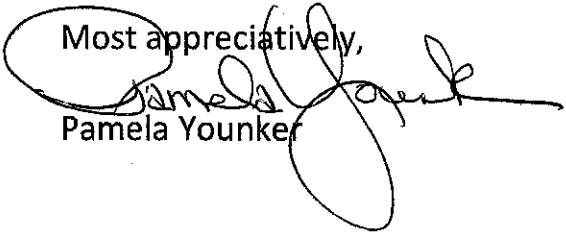

Golden Heart Rotary Club,

Thank you so much for your support of Leslie's Children. Your grant will help feed children for the 2018-19 school year on weekends. Leslie's Children sent home up to 179 bags of food each Friday in the 2017-18 school year. This is over 2,000 pounds of food each week. We could not meet this need without organizations like yours who recognize the importance of supporting our youth and addressing hunger in our own community. According to the school district there are more than 3,600 elementary children who are hungry in Interior Alaska. We are supporting Anne Wien elementary school.

Leslie's Children is a 501c3 Not for Profit Corporation. EIN #81-2444505. It is important that you know there are no salaries or contract labor paid to anyone. No expense accounts. We are 100% volunteer. 100% of your donation will be used to buy food.

Together We Can Make A Difference For Our Children.

Most appreciatively,

Pamela Younker

Feeding Interior Alaska Elementary Children
