Rotary Club members-

All the Arts for All the Kids Foundation would like to thank you for your generous donation. We were able to complete our proposed Arts Video Lessons throughout the summer. We are so grateful. All of our videos that were created during the summer can be found on our website at allthearts.org.

Please check them out and feel free to share them with everyone.

You will find below itemized expenses to date. Please, let me know if there is anything else you need.

- 6 Dance video lessons by our Art Educator, Fiorella Cuara.
- Ms. Fio produced 6 videos that were each a stand alone lesson, but could be put together as one routine. We have had lots of response to her videos, as she is one of All the Arts for All the Kids most treasured art educators. Her routines may also appear in some of our theatre art video productions as the school year unfolds.
- All of our art videos are edited and framed with a copyright by our intern, Caitlin Williamson. All the Arts for All the Kids Foundation pays her for her expertise.
- \$150 per video = \$900
- Video edit and framing= \$100

6 Music video lessons by our Art Educator, Shannon Sharpe.

- Mrs. Sharpe has a background in musical theatre, as is quite obvious in her video projects. She takes us on a camping adventure in her second project. All the Arts for All the Kids Foundation asked Mrs. Sharpe to concentrate on Kindergarten through 2nd grade for this series, applying her musical skills, as well as using our philosophy on creativity. You will see more than one example of her art pieces, backgrounds, and props, as All the Arts for All the Kids Foundation prides themselves in not teaching perfection, or copying, but encouraging each artist's own interpretation of a subject. To embrace your own creativity!
- In Mrs. Sharpe's, first project she professionally takes you through the process of creating a parody. By using a familiar song, she has shown our audience how to personalize it and make it fun! It is easy to see how she enjoys her job in all her work.
- \$150 per video X 6 in a series= \$900
- Video edit and framing=\$100

Thank you again for allowing us the chance to keep the arts alive. All the Arts for All the Kids Foundation would not be able to move forward without support from you, and other art liked minds. We are forever grateful. In this year of the pandemic, we are even more appreciative. So many nonprofits are struggling to continue to make a difference, with your help All the Arts for All the Kids Foundation has been able to provide an art experience to be used in multiple capacities. We have many people that have thanked us for providing a safe place for their families to forget the issues of the world, at least for a little bit. Our arts lesson videos are providing social emotional help, as well as an art education, all topped off with a little bit of fun for all! The All the Art for All the Kids Art Educators are grateful for the work, and to allow them to keep the students involved with the arts. Your decision to gift us this grant has made a difference in so many lives. As All the Arts for All the Kids Foundation continues to provide arts lesson videos we will continue to benefit from your generous grant donation.

Thank you-
